

A: Radiator mount	7/16
B: Body mount	1/2
C: Rear body mount	1/2 x 3/4
D: Hood Latch mount	1/2 x 5/8
E: Hood shelf mount	1/4
F: Front fender bracket	3/8
G: Running board	5/16

The heavy dashed line shows a recommended location for the outer perimeter of a street rod frame. This allows extra room for modern engines and transmissions.

The light dashed line shows the roadster body outer perimeter and the kickup in the Wescott floorpan at the rear crossmember.
